Chronology

Freelance/LeetSoft

Ukraine

02.2020 - now

Frontend Web Developer, Fullstack Web Developer, Designer, Web Admin, Tech Support, ...

A lot of freelance projects in different fields: e-commerce, courses (math & IT), NFT & Games, video streaming room, car retailing.

Since 2025 I am mentoring my younger friends at LeetSoft, which includes helping with hard projects.

Technologies: HTML, Angular, Vue, Nuxt, SCSS, Tailwind, JS, TS, web3 (Solana), Node.js + Express/Fastify, PostgreSQL/Firebase, Chart.js, Math.js, ...

(LINK): [<https://leetsoft.dev/>]

UHMI

Ukraine, Dnipro/Kyiv

02.2023 - now

Frontend Web Developer, Designer (2023-2024), Junior Researcher (2024+)

Scientific design & development: interactive web-cartography for water resources & soilwork.

Technologies: Vue, Nuxt, SCSS, Maptiler, Chart.js, Mongo, Figma. See more at Google Scholar.

YourAirTest

Ukraine, Dnipro

10.2019 - 12.2019

Junior Frontend Web Developer

A brief interactive web cartography project about air quality, learned Angular from mentor.

(LINK): [<https://yourairtest.com/uk/>]

WheelKeep

Ukraine, Dnipro

02.2019 - 10.2019

Junior Frontend Web Developer, Junior Designer, Junior Native Developer, Junior Marketologist

First startup project about bike security. Discovered myself with different work roles, decided to stay as a Frontend Web.

DNU (University)

2018 - 2023

Bachelor in Software Engineering, Magister in Applied Math (modeling & computing). I got to know a lot of good people and qualified specialists from different fields.

(LINK): [<http://fpm.dnu.dp.ua/>]

LIT (Lyceum)

2016 - 2018

The best lyceum in the city and in whole world. It had me prepared for university and real life. First teamwork projects, first self-motivation to study, first real-world examples and experience. IT teacher Entin Joseph Abramovich "one love". And some other teachers also.

(LINK): [<https://www.dlit.dp.ua/>]

ITStep (Courses)

2014 - 2016

Usual school-academy courses to discover everything in IT
